

## QUALITY OBJECTIVES

---

Ozone commits and empowers its employees to implement this policy through the following course of actions:

- Continually earn Client's trust by clearly understanding their needs and provide services to their expectations.
- Continually improve facilities and information technology infrastructure at par industry standards.
- Continually train our employees for various technical skills and motivate them to deliver as per Client's expectations. Enable open, sharing and learning culture in the organization and continually improve soft-skills of employees.
- Encourage our Vendors, Partners and Associates to comply with our quality requirements.
- Follow transparent and ethical business practices with honesty, integrity and respect to all legal and regulatory requirements.
- Maintain our Quality Management System to confirm to the requirements of ISO 9001.
